

PETITION

2200 Drag Racers Association Inc.

The 2200DRA is a newly formed club on the Central Coast with a vision to provide our area with a safe and legal facility to drag race.

This facility will help reduce illegal and unsafe street racing plus provide our community with a valuable asset that will benefit both users and local business.

Ideally this track could be part of the proposed new CASAR Park facility.

We, the undersigned, request both the Wyong Shire Council and/or CASAR Park engage with the 2200 Drag Racers Association Inc. to provide a drag racing facility in our local community area.
